PERSONAL EMBROIDERY SYSTEM

PE-150

LARGE 110mm × 110mm EMBROIDERY AREA

From Brother's long experience in commercial embroidery comes the technology for today's Personal Embroidery Systems. The PE-150 offers many great features for the home embroiderer including high quality machine embroidery as well as convenience and ease of use. The PE-150 comes with a large LCD Display with touch-screen selection of designs and on-screen instructional messages. It also shows suggested thread color and estimated embroidery time. Other quality features include three built-in lettering fonts with adjustable sizes, 60 built-in embroidery patterns.

PERSONAL EMBROIDERY SYSTEM **PE-150**

Keep pace with your imagination

The PE-150 makes your unique design as easy as 1-2-3-4.

13 DIFFERENT LANGUAGES

1

Use the large LCD display to view over 900 available built-in or memory card patterns. Select a pattern by simply touching the icon on the touch-screen display.

2

ESTIMATED EMBROIDERY TIME

View your design on the screen before embroidery begins. The PE-150 even shows you the separate color areas, estimated embroidery time and suggested thread color.

SUGGESTED THREAD COLOR

3

MIRROR IMAGE

You can position the design precisely, even rotate it 360 degrees, right on the touch screen. 8 directional positioning gives you flexibility and ease of positioning designs within the hoop.

4

PE-150 stops at the end of the each color area to allow you re-thread for the next color. Within minutes you will have a beautiful multi-color embroidered design you can be proud of.

Personalize, decorate or embellish with the PE-150

Choose from hundreds of designs in the extensive Brother Embroidery Card Library.

Simply insert an embroidery card to automatically sew your own original patterns.

Just drop in a full bobbin and the Quick-Set bobbin feature has you ready to sew immediately.

The F.A.S.T. needle threading system saves time and trouble.

3 built-in fonts are adjustable in size from 1/4" to over 1" including a 3/8" monogramming size.

OPTION

The optional Super Hoop allows designs to be embroidered in a larger area without re-hooping the fabric. The optional small hoop is just the right size for embroidering small patterns on pockets and cuffs.

Satin Finish

Matte Finish

Brother polyester embroidery thread sets and bobbin threads.

PE-SCAN II PE-DESIGN Version 2.0 CUSTOM DESIGN SYSTEM

PE-SCAN II

The optional PE-SCAN II offers you the ability to create your own embroidery designs. Original designs may be drawn, scanned, edited and saved to a reusable blank memory card. Now you can create your own original designs with the new PE-150 as well as all other Brother Personal Embroidery System Machines.

PE-DESIGN Version 2.0

The optional PE-DESIGN Version 2.0 software allows designs to be converted, edited and digitized on a computer. Your original designs may be downloaded onto a reusable blank memory card for embroidery on PE-150 as well as all other Brother Personal Embroidery System Machines. Designs may also be saved for future use in your computer's hard disk or floppy disks as well.

SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE.
